

Bike Auto Car, Never too far

Market Analysis & Competitive Analysis

Problem Statement

The Problems which Rapido solves

- 1. Affordable Transportation:** Cheaper than many other brands, Affordable and safe as compared to local unauthorized drivers.
- 2. Fast Connectivity:** Rapido solves the issue of fast connectivity by deploying its drivers mainly too metros, markets, bus stands, railway stations
- 3. Quick Local Delivery:** Rapido also emerged as a delivery option for users enabled with quick local delivery of documents, tiffin, bags etc.

Research Objective:

Despite of holding the biggest share in bike taxi market why Rapido is facing constant issue in operating bike taxi in many states in India.

Hypothesis:

The major problem is Government Restrictions & Legal Rules against Bike Taxi Due to there unauthorisation as commercial vehicle and safety issues.

Market Research

Market Gaps:

- 1. Cancellation Problem:** Once the ride is booked the passengers waits for some time but then the captain cancels the ride without any reason which wastes the time of passenger
- 2. Women Captain only:** Rapido doesn't provide option for women captain only which can be beneficial for many women customers who wants to travel with women only.
- 3. Fare Negotiations:** Rapido doesn't have fare negotiations like inDrive which makes it behind some times.

Pain Points:

- 1. Ride Cancellation:** Many captains after accepting the ride cancels it which affects passengers time.
- 2. Safety Concerns:** Some riders drive rashly, Helmet availability is inconsistent, Women may feel unsafe with male drivers at late night
- 3. Captain not accepting:** In some locations captain doesn't want to go to specific place due to lower price acc to them for that distance
